GOOD CHOICE FOR A PERSON WHO...

 Wants an active, low-maintenance lifestyle with opportunities to connect and stay engaged.	 Needs some assistance with daily tasks but wants to maintain independence in a supportive community.	 Has memory loss or cognitive challenges and benefits from a secure environment with specialized care and routines.	 Needs personalized care in a small, home-like setting with 24/7 support and a focus on relationships.	 Requires intensive medical care and monitoring by licensed professionals in a clinical setting.	 Prefers to remain at home and needs assistance with daily activities on a schedule.
